GENERAL INFORMATION

Use Mail Order Blanks whenever possible.

Write all correspondence not relating to order on a separate sheet of paper.

Specify size when ordering thimbles, rings or bracelets.

Invariably use "Miss" or "Mrs."; otherwise responses will be addressed "Mr."

Mention permanent or old address when writing from a temporary or new address.

Mark all packages sent to us with name and address of sender.

Remittances and any letter of instructions should invariably be mailed separately—not enclosed with any package returned.

In an endeavor to have in our stock only the newest productions our stock is constantly changing, but, so far as possible, we replace articles as fast as sold. It is advisable, therefore, to make a second choice that orders may be filled with promptness and without disappointment to the customer.

Mail Orders are sent at Shreve & Company's expense to any express or post office, as set forth on page P 6, whether the article is sent to the purchaser or to another as a gift. All price tags are removed; valuations on packages are in code, and, when requested, cards enclosed.

The usual engraving on purchases is done without additional charge. Should it be desired that engraving be matched, a thin piece of paper placed over the engraving and rubbed lightly with a lead pencil will produce an impression from which other articles may be engraved in a similar style.

Designs following any suggestions will be prepared and submitted, with cost of production, and without any obligation to purchase.

By our exceptional manufacturing facilities we are enabled to produce original and exclusive productions at a minimum of cost. With such facilities we can advantageously undertake work of a special or intricate nature.

Should you have difficulty in making a selection from the illustrations you are requested to consult us, advising age and sex of the person to whom you wish to make the presentation and the approximate amount to be expended. Advice as to the newest and most appropriate gifts will gladly be tendered.

All orders are suitably cased for gift purposes, as we are just as desirous of having them beautiful in presentation appearance as you are.

SHIPPING INFORMATION

Charges for return of money on C. O. D. shipments can be avoided by the customer remitting the purchase price at time of sending order. Goods will then be delivered free of all charges. Should the purchase upon receipt not prove entirely satisfactory, the money will be immediately refunded upon return of the shipment.

Should pieces other than those illustrated be of interest, photographs, with prices, will be submitted for inspection.

To avoid delay and annoyance when gifts are to be sent to others than the purchasers, if the name and address and the cards to be enclosed accompany the order, the selection will be sent direct at our expense.

No charge for transportation will be made on Mail Orders of jewelry, goldware, watches, silverware, cutlery and leather goods to any Express or Post Office in the United States, Canada, Mexico, Alaska, Hawaii and to Manila, P. I., and U. S. Agency at Shanghai, China.

No charge for transportation will be made on shipments of above wares to the following countries when the purchase does not exceed \$80 in value and the combined weight of the purchase and packing does not exceed FOUR POUNDS.

Cuba	Panama	Porto Rico
Guam	Philippines	Tutuila (Samoan Islands)

Shipments of above articles will be made at Shreve & Company's expense to the following countries when the value does not exceed \$80 and the combined weight of purchase and packing does not exceed ELEVEN POUNDS.

Australia	Ecuador	Newfoundland
Austria	Germany	Nicaragua
Bahamas	Guatemala	Norway
Belgium	Guiana (British)	Peru
Bermuda	Honduras (British)	Salvador
Bolivia	Hong Kong, China	Sweden
Chili	Italy	Trinidad
Colombia	Jamaica	Venezuela
Costa Rica	Japan	Windward Islands
Danish West Indies	Korea	
Denmark	Leeward Islands	

Packages will be sent to Great Britain (England, Ireland and Scotland), France, Netherlands, Uruguay and Barbados by Parcels Post at Shreve & Company's expense. These shipments cannot be registered, however, and cannot, therefore, be sent at Shreve & Company's risk. Shipments to these countries may be made when the package does not exceed four pounds in weight and \$50 in value at Shreve & Company's risk by payment of fifty cents additional.

DIAMOND DEPARTMENT

Shreve & Company's stock of precious and semi-precious jewelry is so extensive, only a small portion can be illustrated in the following pages devoted to it. Other illustrations of articles in this stock will be submitted upon request, stating whether an all diamond or combination of other stone and diamond article is desired and the limit of price to be expended.

In addition to innumerable pieces of jewelry in staple designs this stock contains the newest productions of merit from the most artistic designers of Paris, executed by the best artisans in this country.

Shreve & Company operate one of the largest factories in the United States, which produces jewelry of the best workmanship, in staple and newest designs, and make a special feature of remounting customers' old

jewelry in the most modern styles. Upon receipt of old jewelry or loose stones and suggestions as to the style of new article desired, special designs and estimates of the cost of remounting them will be submitted.

Shreve & Company's manufactures are sold at retail only and solely at their establishment, Shreve Building, Post Street and Grant Avenue, San Francisco.

WATCH DEPARTMENT

Shreve & Company issue a Watch Catalog in which are descriptions and prices of the watches carried in their stock. This book and any special information desired will be sent upon request.

Watches bearing the name of Shreve & Company are products of factories making the best timepieces at their respective prices, and are thoroughly tested and regulated by Shreve & Company before being offered for sale.

In addition to those watches bearing the name "Shreve & Company," the stock contains the various grades and styles made by the Elgin, Waltham and Howard factories.

All watches are guaranteed to be free from defects.

GOLD DEPARTMENT

The illustrations of pieces from our Gold Department are absolutely reliable, descriptions accurate and prices carefully estimated that you may choose at your leisure from an endless array.

By our exceptional manufacturing and buying facilities we are enabled to supply original and exclusive productions at a minimum of cost, and the completeness of this catalog enables the reader to inspect a stock unequalled for beauty and execution of workmanship. The standard of our gold jewelry is full 14K and over. We not only guarantee that the articles shown are exactly as represented but we also agree that if upon receipt the purchase is unsatisfactory, it may be returned.

We create the design and produce therefrom class pins, medals, et cetera, each design being distinctive and for the particular purposes for which the pin or medal is required. Designs will be prepared and submitted without charge and without obligation. In requesting designs and estimate of cost

Give name of organization,

Character of organization (school, club, class, or fraternity),

Inscription,

Colors of enamel, if any,

Range of price,

Such additional information as will enable us to more nearly meet your ideas.

SILVER DEPARTMENT

Our Silverware Department is unequalled, and that we may display the most exclusive and original creations of the silversmith's art and workmanship we operate one of the largest factories in the United States for the production of goods for retail distribution.

The silver productions of our factory (the illustrations shown herein being from actual photographs) are exceptional in their beauty, treatment

of design and finish, and the reproductions of the Period Designs, such as Georgian, Louis XVI, Chippendale, Adam, and Colonial are above criticism in the execution of detail.

The advantages of long experience and factory equipment are available for the prompt execution of special orders from original designs, reproductions of family silver, trophies, medals, et cetera, in gold, silver, bronze or brass.

LEATHER DEPARTMENT

In our Leather Department, in addition to the productions of our own factory, we have a full and exclusive array of Domestic and Foreign novelties. The facilities of our factory place us in a position to carry out the customer's own ideas for the production of anything in leather.

STATIONERY DEPARTMENT

Examples of stationery stamping will be found inserted between pages P 222 and P 223. The factory of this Department is equipped with the newest styles of presses for the production of orders of any nature or for any occasion, from engraved plates or dies cut in the most approved styles.

In the execution of die cutting and printing from such dies, crests and coats of arms, the most careful attention is given to Heraldic research, insuring the work to be authentic and in correct colors.

The plates used in the production of wedding announcements or invitations, or for any special occasions, may be converted into photograph frames or trays without destroying the original engraving.

REPAIR DEPARTMENT

Repair work is an important part of our business, and we are exceptionally well equipped for the repairing of jewelry, watches, clocks, silverware, plated ware, fans, ivory or pearl articles, et cetera, and for the resetting of family jewels.

Absolute security is assured and estimates of cost will be submitted prior to proceeding with the work, unless we are instructed to the contrary.

STERLING SILVER

TROPHIES

That trophies may more distinctly bear the individuality of the donors, it is now the practice to place on each trophy the raised Emblem, Monogram, Coat of Arms, Trade Mark or design of the individual, company or club donating the trophies.

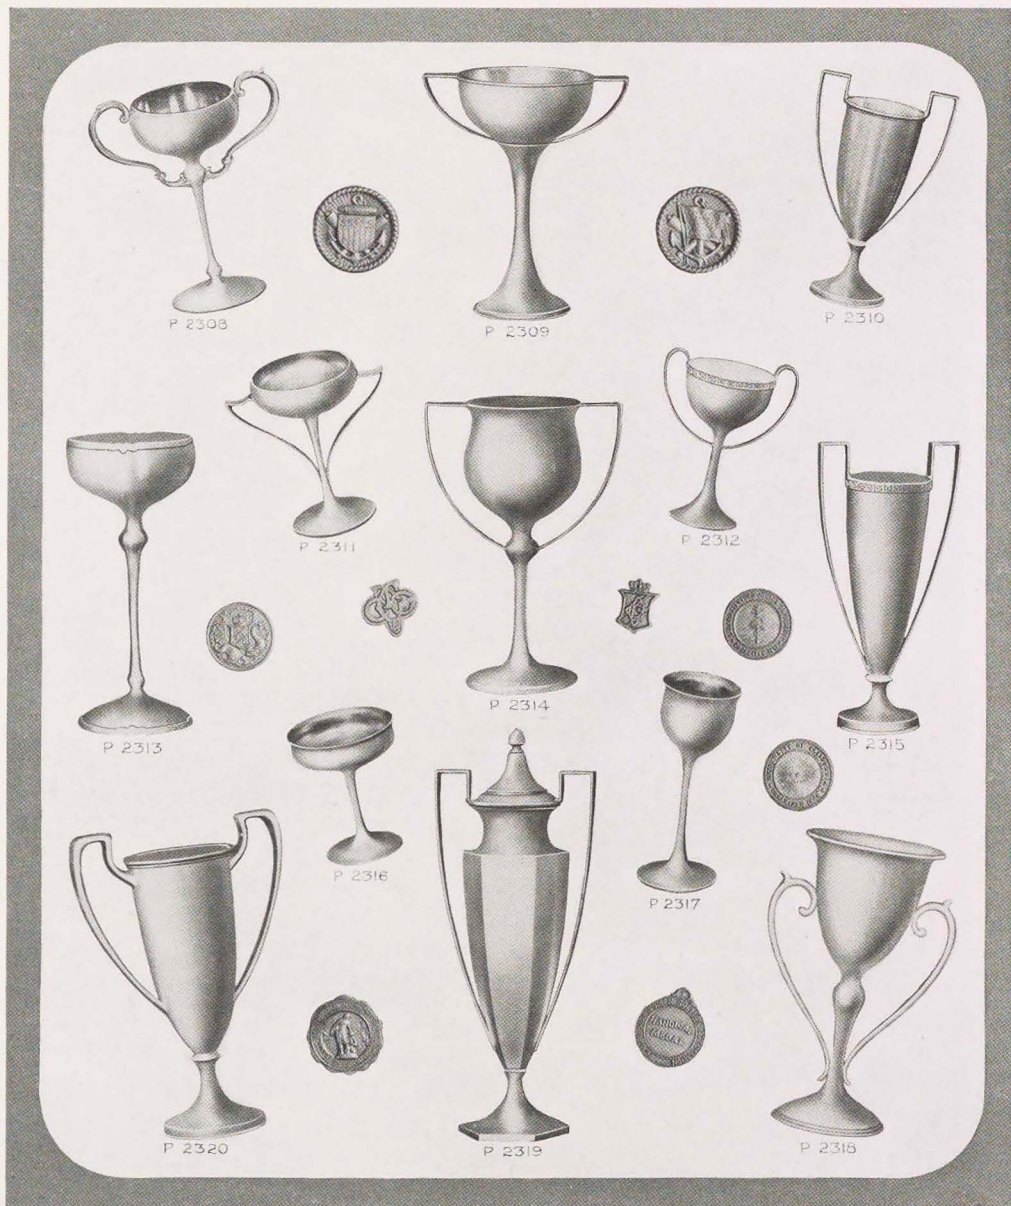

The medallions shown on this and the following page are examples of such work executed recently.

The price for cutting the original die depends upon the intricacy of the design; the charge for making the emblems from the die and placing them on trophies is approximately \$1.00 each.
